

Cloud Innovation Executive Meeting Series 2021

# Realising the benefits of Cloud in the Public Sector

→ **September 7 – 21**

Melbourne | Perth | Sydney | Canberra | Brisbane | Adelaide

In the wake of the COVID-19 pandemic and organisations' efforts to recover, the focus on cloud is increasing across the world. Cloud services present many opportunities, including flexibility, business continuity, spend optimisation, improved collaboration, and scalability.

With cloud innovation considered crucial to both Australia's economic recovery and prosperity, migrating to the cloud is an inevitable journey. While public sector leaders may recognise the value of cloud technology, for many the adoption remains a challenge based on security and compliance, budgetary realities and existing roadmaps.

Public Sector Network's Cloud Innovation Executive Meeting Series will bring together an exclusive group of CIOs and key senior attendees to share insights on how government departments can realise the benefits of cloud.

# Your Expert Speakers

Keynote

Panel Discussion

# Agenda

08:30am	Registration and Networking Coffee
09:00am	Opening from Public Sector Network & Icebreaker
09:15am	Opening from Chair: <b>Realising the benefits of cloud in the public sector</b> <ul style="list-style-type: none"><li>Optimising cloud systems for maximum benefit realisation</li><li>Evaluating the role of cloud in innovation and future applications</li></ul>
09:30am	Opening Keynote: <b>Prioritising cloud migration strategy to increase agility and business innovation</b> <ul style="list-style-type: none"><li>Defining your cloud journey to implement a clear cloud migration strategy</li><li>Mitigating risks by adopting updated assessment frameworks and processes</li></ul>
09:50am	Partner Session: <b>Establishing innovative cloud systems to streamline existing processes</b> <ul style="list-style-type: none"><li>Enabling responsive delivery of innovative services to meet the changing needs of citizens</li><li>Leveraging cloud infrastructure to deploy future services</li></ul>
10:10am	Keynote: <b>Adopting cloud to accelerate innovation, modernise service delivery and drive better outcomes for citizens</b> <ul style="list-style-type: none"><li>Streamlining the development, deployment and delivery of new cloud services to save time and money</li><li>Balancing quality, value, ease of use and transparency to achieve successful cloud migration</li></ul>
10:30am	Partner Session: <b>Facilitating trust by ensuring transparency of processes and security of data</b> <ul style="list-style-type: none"><li>Reducing security risks associated with outdated infrastructure by implementing modern cloud technology</li><li>Improving citizen trust by offering a streamlined digital experience through cloud services</li></ul>
10:50am	Panel Discussion: <b>Exploring the evolving role and application of cloud in the public sector</b> <ul style="list-style-type: none"><li>How to achieve success with cloud adoption?</li><li>What models can work best for cloud in the public sector?</li><li>How to hire the best talent for a successful cloud transformation?</li><li>Top tips for leveraging cloud technology to provide a modern citizen experience</li></ul>
11:30am	Closing remarks from Chair

# Reasons to attend

Join this exclusive in-person event to discuss strategies, solutions and best practice with 20+ public sector ICT leaders

Network and benchmark with your peers to learn how to maximise the benefits and applications of cloud

Engage in live and interactive Q&A panel sessions to unlock best strategies for cloud transformation

# Who should attend

Chiefs/Directors/Heads/Managers of:

- Cloud
- Cyber Strategy
- Data
- Digital
- Enterprise Architecture
- Hybrid
- ICT
- Information
- Innovation
- IT
- Transformation

Register your attendance here
