Cyber Security and Risk Management

Cyber Collaborate
The Australian Cyber Security Conference

Enhancing Australia's Cyber Security Capabilities and Capacity

Tuesday, 11 October, 2022

Hotel Realm, Canberra

Agenda at a glance

As Australia works towards a more cyber secure future, the rise in threats worldwide has created an urgent need for collaboration among organisations. The covid pandemic has seen a rise in employees working from home and the increased online presence has become a target rich environment for cyber-attacks. Good cyber security practice and a strong cyber strategy are more imperative than ever.

Public Sector Network are pleased to deliver Cyber Collaborate: The Australian Cyber Security Conference. The conference will bring together some of the nation's top cyber security policy and practice experts, taking a timely and holistic approach to this important issue.

Featuring keynote presentations and panel sessions with some of Australia's most prominent leaders in the cyber security space. It will address the latest cyber-related legislative and policy developments, highlight the role existing and emerging technologies play in protecting data, and address how organisations can effectively bolster their cyber defences.

REGISTER TODAY

Who You'll Meet

Senior Public Sector Leaders in charge of:

- Cyber Security
- Cyber Engagement
- Cyber Policy and Technology Policy
- Information Management
- Risk Management
- Resilience

- Business Enabling Services
- Critical Technologies
- Digital Security and Operations
- Legal Counsel
- Digital Transformation
- Lawyers

Benefits of Attending

Hear from an inspiring speaker panel of 20+ cyber security experts

Understand how to effectively translate cyber security policies into practice

Learn about the latest critical technology

Building a cyber-secure culture across Australia

Unpacking legislative changes, critical infrastructure and impact

Your Inspiring Speakers

PROFESSOR HELGE JANICKE
Research Director
Cyber Security CRC

DR DEREK BOPPING
First Assistant Director-General Cyber Engagement & Strategy,
Australian Signals

MICHAEL PEZZULLO
Secretary
Department of Home Affairs

PROFESSOR JON WHITTLE
CEO
Data61

GAYLE MILNES
National Data Commissioner
Department of Prime Minister and Cabinet

NADIA TAGGART
Director of Cyber Security Operations
Department of Parliamentary Services

THE HON KATE LUNDY
Chair
Cyber Security CRC

TOBY AMODIO
Chief Information Security Officer
Department of Parliamentary Services

JANICE LAW
Chief Information and Data Officer
Services Australia

CHRIS FECHNER
CEO
Digital Transformation Agency (DTA)

HAMISH HANSFORD
Group Manager
**Cyber and Infrastructure Security Centre,
Department of Home Affairs**

COMMANDER CHRIS GOLDSMID
Commander Cybercrime Operations
Australian Federal Police

JONATHAN DEAN
Chief Information Security Officer
Department of Defence (DOD)

DAVID LANG
National Manager Cyber Operations
Services Australia

DR MARCUS BELDER
Group ISO
Defence Science and Technology

YASO ARUMUGAM
Assistant Director-General for Data and Digital
National Archives Australia

PAUL ROOLKER
Chief Information Officer
Commonwealth Director of Public Prosecutions

CRAIG GILLIES
A/g Assistant Secretary Cyber Affairs and Critical Technology
Department of Foreign Affairs and Trade

SHYVONE FORSTER
Director Cyber Security Operations
Department of Home Affairs

TIMOTHY HODGE
Senior Cloud and Infrastructure Architect
Parliament of Australia

Your Inspiring Speakers

JENNIFER ARNOLD
Advisor
Public Sector Network

KHALED SEFIAN
National Cyber Resilience
Security Consultant
Micro Focus

GLEN BARCLAY
Senior Security Architect
Rapid7

BRIAN GRANT
A/NZ Regional Director
**Thales Cloud Protection &
Licensing**

LUKE POWER
Managing Director ANZ
Trellix

PHIL DAWSON
Managing Director
AUCloud

GAVIN WILSON
Regional Director ANZ
Forescout Technologies

KARL VOGEL
Solutions Engineering
Director APJ
**Symantec Enterprise Division,
Broadcom Software**

IAN FISHER
Director for Banking and
Government
Tanium

YONNI SHELMERDINE
VP of Product Management
SentinelOne

Explore the Agenda

8:00am	**Registration and Networking Breakfast**
9:00am	**Welcome to Country**
9:10am	**Welcome from Public Sector Network**
9:20am	**Welcome from the Chair & Opening Remarks** **Professor Helge Janicke,** *Research Director,* **Cyber Security CRC**
9:30am	Government Keynote: **Protecting Australia from Cyber Threats** • Risk management to meet the evolving cyber challenges • The approach to uplifting cyber security across the economy **Michael Pezzullo,** *Secretary,* Department of Home Affairs
10:00am	Partner Session: **Using XDR to bridge the talent gap in cybersecurity** With the significant skills shortage across the cybersecurity industry, businesses need to look at different ways to combat the ever changing and increasingly volatile threat landscape. In our evolving world of hybrid work, XDR is a fast-emerging solution to help bridge the gap across technology and people, reduce risk and provide greater visibility for faster decision making. Join Trellix as we discuss how XDR is transforming cybersecurity and simplifying IT environments through its unified, adaptive and intelligent approach to threats. **Luke Power,** *Managing Director ANZ,* Trellix
10:20am	Panel Discussion: **Cyber Security in a Post-Covid World** • How the pandemic changed the cyber landscape - business disruptions and increases in cyber attacks • The increase in access and identity risks – remote and hybrid working impacts on network and data security • Why there is a need for a vigilant and flexible approach to security as agencies face more sophisticated attacks • Accelerated digital transformation - the resulting vulnerabilities and closing the gaps **Professor Jon Whittle,** *Director,* Data61 **Paul Roolker,** *Chief Information Officer,* Commonwealth Director of Public Prosecutions **Shyvone Forster,** *Director Cyber Security Operations,* Department of Home Affairs
10:50am	**Morning Tea and Networking Break**

Streams	Policy | National Ballrooms 1 & 2	Practice | National Ballrooms 3 & 4
11:20am	**Welcome from Stream Chair** **Phil Dawson,** *Managing Director,* AUCloud	**Welcome from Stream Chair** **Jennifer Arnold,** *Advisor,* Public Sector Network
11:35am	Government Keynote: **Implementing Cyber Security for the Real World** • Reassessing and revising - cyber security as an ongoing priority • Implementing new strategies and practices for a more successful outcome in an increased threat environment **Dr Derek Bopping,** First Assistant Director-General Cyber Engagement & Strategy, Australian Signals Directorate	Government Keynote: **Sharing Data Safely** • The DATA Scheme for best practice sharing • Safe sharing is sharing the right data, for the right project, in the right security environment • Cyber security requirements for Scheme participants **Gayle Milnes,** *National Data Commissioner,* Department of Prime Minister and Cabinet
11:55am	Partner Session: **Securing a Data Dependent World** • Data Dependence has changed cybersecurity • Embedding Data Security into organisations • Protecting sensitive data in legacy and new platforms **Brian Grant,** *A/NZ Regional Director,* Thales Cloud Protection & Licensing	Partner Session: **Securing Data in a Hybrid Cloud World** • The challenges of data visibility and management in a hybrid cloud world • Key protection capabilities that are often overlooked during a transition to the cloud· • Practical tips for how to secure your data • Learn how an effective data-centric approach can help reduce risk and prevent the next data breach **Karl Vogel,** *Solutions Engineering Director, APJ,* Symantec Enterprise Division, Broadcom Software
12:15pm	Panel Discussion: **Helping Boards and C-Suite Adopt a Strong Cyber Security Culture** • Focusing on people, process and technology to improve security • The importance of embedding security policies in process and operations • Conveying the importance of cyber security in terms of business continuity **The Hon Kate Lundy,** *Chair,* Cyber Security CRC **Chris Fechner,** *CEO,* Digital Transformation Agency (DTA) **Gavin Wilson,** *Regional Director ANZ,* Forescout Technologies Moderator: **Phil Dawson,** *Managing Director,* AUCloud	Panel Discussion: **Cyber Partnerships to Create a Cyber Smart Nation** • How collaboration can enhance Australia's cyber security as a whole • Sharing best practice and improved processes in a safe way • Optimising resilience through shared threat information, tools and insights **Jonathan Dean,** *CISO,* Department of Defence (DOD) **David Lang,** *National Manager Cyber Operations,* Services Australia **Nadia Taggart,** *Director of Cyber Security Operations,* Department of Parliamentary Services **Glen Barclay,** *Senior Security Architect,* Rapid7 Moderator: **Jennifer Arnold,** *Advisor,* Public Sector Network
12:45pm	**Lunch and Networking Break**	

Streams	Policy | National Ballrooms 1 & 2	Streams	Practice | National Ballrooms 3 & 4
1.45pm	**Welcome back from Stream Chair** **Phil Dawson,** *Managing Director,* AUCloud	**1.45pm**	**Welcome back from Stream Chair** **Jennifer Arnold,** *Advisor,* Public Sector Network
2.00pm	Government Keynote: **International Cyber Collaboration – The Way Forward** • The international partnerships improving cyber defence and innovation • A priority - Australia's cyber engagement strategy and the collaborations vital to keeping the nation safe **Craig Gillies,** *A/g Assistant Secretary Cyber Affairs and Critical Tecnology,,* Department of Foreign Affairs and Trade	**1.50pm**	Government Keynote: **Role for Government in Driving Cyber Security Uplift** • Strengthening regulations and driving stronger cyber practices • Improving innovation, technology and addressing the skills shortage **Janice Law,** *CISO,* Services Australia
2.20pm	Panel Discussion: **Cloud: Opportunities and Considerations** • Australia's existing cloud policies, how can these be improved and what are the current regulations surrounding cloud? • How cloud creates a more agile, flexible and secure digital environment • Sovereign clouds: What does it mean and are they more secure? • Critical infrastructure legislation and what it means for your cloud strategy **Dr Marcus Belder,** *Group ISO,* Defence Science and Technology **Timothy Hodge,** *Senior Cloud and Infrastructure Architect,* Parliament of Australia **Khaled Sefian,** *National Cyber Resilience Security Consultant,* Micro Focus Moderator: **Phil Dawson,** *Managing Director,* AUCloud	**2.10pm**	Partner Session: **Dispelling common myths about XDR** There has been a tremendous buzz across the cybersecurity community about the emerging technology known as XDR (eXtended Detection & Response).Unfortunately for the practitioner, there has yet to be a single definition widely accepted by both analysts and vendors perporting to be knowledgeable on the subject. What is XDR and why should I consider the technology in my enterprise security stack? What should I expect from vendors who claim to have built the perfect mousetrap? What is reality, and what is just hype? This session is intended to walk the audience through some generally accepted value statements associated with XDR while attempting to debunk a few common myths that continue to muddy the water for security teams **Yonni Shelmerdine,** *VP of Product Management,* SentinelOne
		2.30pm	Panel Discussion: **Tackling Ransomware: Educating your Workforce on how to Protect the Organisation** • Upskilling your workforce • Collaborating with other government organisations to address ransomware threats **Professor Helge Janicke,** *Research Director,* Cyber Security CRC **Toby Amodio,** *Chief Information Security Officer,* Department of Parliamentary Services **Yaso Arugumam,** *Assistant Director-General Data and Digital,* National Archives of Australia Moderator: **Jennifer Arnold,** *Advisor,* Public Sector Network

3.00pm	**Break**
3.25pm	**Welcome back from Chair** **Professor Helge Janicke,** *Research Director,* **Cyber Security CRC**
3.30pm	Government Keynote: **Cyber Security Laws Important to Protecting Critical Infrastructure** • Systems of national significance - the new regulations to protect them • Mitigating risk to services and supply chains **Hamish Hansford,** *Group Manager,* Cyber and Infrastructure Security Centre, Department of Home Affairs
3:50pm	Partner Session: **Essential 8 compliance - Burden or Benefit?** Creating continuous compliance to simplify business security **Ian Fisher,** *Director for Banking and Government*, Tanium
4.10pm	Fireside Chat: **Leadership Vision for a Smarter Cyber Future** • The role of security leaders in driving organisational cyber awareness • What further changes can help enhance Australia's cyber protections • What are the greatest threats we are facing and how do leaders prepare? **Professor Helge Janicke,** *Research Director,* **Cyber Security CRC** **Commander Chris Goldsmid,** *Commander Cybercrime Operations,* **Australian Federal Police** Moderator: **Jennifer Arnold,** *Advisor,* Public Sector Network
4:40pm	**Closing Remarks and Networking Drinks**
