Audience Testimonials

“It was great to meet and network with colleagues across the Federal Government and hear the work they are doing in digital transformation. This was the “recharge” I needed at the end of the year to get ideas for how to better serve our citizens in 2023 and beyond. Thank you PSN for putting on events such as these.”

National Institutes of Health

“Positive and very valuable in terms of connections made and friendships renewed.”

National Institute of Standards and Technology

About Us

Certified

Corporation

Public Sector Network connects government organizations across the globe.

Our mission is to give public sector professionals a single place to come together, share ideas, and get free, unlimited access to the latest information about critical topics that are transforming the government landscape.

Our government-only network helps members find relevant international content and case studies that are critical to your work and can help you save time, and money. For those who are looking to network at a deeper level, we hold insightful online and in-person events, ranging from conferences and exhibitions, to intimate training courses and forums across major cities around the world.

The Public Sector Network (PSN) is a certified B Corporation, a business that meets the highest standards of verified social and environmental performance, public transparency, and legal accountability to balance profit and purpose.

The goal of the B Corps is to accelerate a global culture shift to redefine success in business and build a more inclusive and sustainable economy.

Public Sector Network events, like the Public Sector Innovation Show, limit waste where possible. Initiatives like using reusable dishware instead of plastic disposable options and limiting paper through use of our event app are only small examples of our commitment to sustainability.

Become a Supplier

We understand that government need to partner with private sector, but this can often be a crowded, noisy market.

Our network is designed for public sector professionals only as it maintains the credibility of our content for our government members.

In order to help our members connect with private sector, we have created Public Sector Network's Marketplace where solution and service providers can create free profiles showcasing their business. Our members can easily search for any requirement and connect directly with you.

If you want to get exposure to our ever-growing membership, then start your free page today.
