Part of the Innovate SA Showcase

SA Cyber Security Showcase 2024

The Drive Forward for a Digital and Secure South Australian Public Sector

Thursday, 4 April 2024
Adelaide Convention Centre

Publicsectornetwork.com   P: (02) 9057 9070   E: Sponsor@publicsectornetwork.com

Agenda at a Glance

Cybersecurity challenges in the South Australia government are a growing concern. With increasing reliance on digital infrastructure, the threat landscape has evolved significantly: the rise in sophisticated cyberattacks targeting government agencies' sensitive data and critical systems combined with the shortage of skilled cybersecurity professionals, make it challenging for government to maintain a robust defence against cyber threats. Additionally, outdated technology and legacy systems create vulnerability in withstanding modern attacks.

Collaboration and information sharing among government agencies, as well as with the private sector, have become crucial. However, concerns about data privacy and compliance hinder effective information exchange. Moreover, the rapid digitisation of public services introduces new attack surfaces that require continuous monitoring and protection.

Public Sector Network's **SA Cyber Security Showcase 2024 - Part of the Innovate SA Showcase** will address these issues, driving the discussion on a comprehensive strategy involving investment in cybersecurity infrastructure, workforce development, and policy enhancements. Taking a proactive approach to identifying and mitigating vulnerabilities, along with an emphasis on public-private partnerships, join us to collectively enhance the cybersecurity posture of the South Australia government in the face of an ever-changing threat landscape.

VIEW THE WEBSITE

Benefits of Attending

Learn about the state government's latest thinking on cyber security matters

Gain valuable knowledge from seasoned cybersecurity professionals who have successfully tackled complex security issues

Engage in meaningful discussions with fellow professionals and explore partnerships to enhance cyber security efforts

Participate in interactive sessions to boost your experience in cyber risk mitigation

Discover cutting-edge technologies and solutions designed to fortify government agency defences against modern cyber threats

Who You'll Meet

This series is designed for professionals involved in:

- Cyber Security
- Cyber Governance
- Cyber Policy
- Cyber Engagement
- Cyber Compliance
- Information Management
- Information Privacy
- Digital Security
- Risk Management
- Resilience
- Audit

Your Inspiring Speakers

Hon Andrea Michaels MP

Minister for Small and Family Business, Minister for Consumer and Business Affairs and the Minister for Arts

Laura Christie

Deputy Secretary

NSW Department of Customer Service

Dr. Eva Balan-Vnuk

Executive Director, Government Chief Information Officer, Office of the Chief Information Officer (OCIO)

Department of the Premier and Cabinet

Will Luker

Government Chief Information Security Officer

Department of the Premier and Cabinet

Peter Worthington-Eyre

Chief Data Officer/ Executive Director, Officer for Data Analytics

Department of the Premier and Cabinet

Professor Romy Lawson

Deputy Vice Chancellor (Students)

Flinders University

Andrew Corrigan

Executive Director (Data and Technology)

Auditor-General's Department of South Australia

Kim Valois

Chief Information Security Officer

SA Water

Linda Abrams-South

Executive Director Corporate Services

Courts Administration Authority

Jeff Swann

Deputy Chief Officer

South Australian Metropolitan Fire Service

Mamello Thinyane

Optus Chair of Cybersecurity and Data Science UniSA STEM

University of South Australia

Fern Hillyard

Senior Manager Cyber Policy & Risk, Cyber Strategy & Policy Cyber Security Directorate, Office of the Chief Information Officer

Department of the Premier and Cabinet

Rosalie Martin

Director, Cyber Security Outreach

National Office of Cyber Security

Anne-Louise Brown

Director of Policy

Cyber Security Cooperative Research Centre
